About Our Company

# Future Projects

# Future Projects

# Our Services

Providing our best.....

# Sales & Marketing

Saifen have specialized sales force in each country with dedicated team for marketing and sales

# Product Registration

Saifen has it's own dedicated regulatory team in each country of operation for on time product launch

# Distribution

Saifen is having sound infrastructure and reach to each and every part of the country with multiple stock points

# Market Research

Saifen has a dedicated team of professionals to analyze IMS, tender and import data to shortlist pipeline of future products

# Our Strengths

The strength of a company  
lies in its ability to  
continuously evolve

## Regulatory

A strong, dedicated regulatory team in each country ensures documentation is correct and registrations are fast tracked for early launch

## Research

A dedicated marketing and research analysis team ensures that we shortlist products with real potential and launch the first generics frequently in the market to keep an edge over competition

## Reliability

We provide correct market scenario with precise MOQ's to ensure that business is having least variations after commercialization

# OUR MOTTO

To become a premium company
